Dear Lori:

I wanted to extend a sincere thank you for your recent participation in Mayor Buddy Dyer's 2013 Neighborhood and Community Summit. The ongoing partnership between Southern Affordable Services, Inc. and the Florida Department of Children and Families has been instrumental in educating the public to the important work we do to assist homeless families in Central Florida.

Your dedication to support the communities we work and live in is truly inspiring! We value the relationship and look forward to many more opportunities to collaborate in the future.
